

KLOVE brings national non-partizan news, a better balance than mainstream Am or FM radio, to our area.

KLOVE also brings the best in non-vulgar, uplifting, family sensitive music to be found anywhere. Without KLOVE, this community would be shorted good news and good music.

The service provided by KLOVE apparently offers the public what we want to hear. This is the most listened to, best family-friendly radio station within the entire El Paso County. We not only want KLOVE, but we are willing to support it as well.
